

PERSONKRETS 3:1 | THE GLORIOUS DEAD

This is the anticipated follow up to the "Life is Beautiful 10" (HALVEP016, December 2004) with ten tracks of a raging mix of crustcore and classic Swedish råpunk.

Nine new tracks and a re-recorded version of the song Sjuka Jävlar from their split 7" with Human Waste (HALVEP011, July 2004).

Never before have Personkrets 3:1 hitten so hard, screamed so loud and played so fast. Here they show that they can go from attacking furious tracks to longer moodier tunes, and balancing a lot of their material in between those two styles.

Parts of the emotional side of the sound are gone to give more space to the more raw side of Personkrets 3:1.

Let us guide you through what we know as the Glorious Dead.
