

# M:40/GRACE.WILL.FALL

## SPLIT 7" EP

**M:40**

masshysteri  
innanför muren  
människans gräns  
illusion

**grace.will.fall**

u.s.d.  
moralens stank  
out of the blue

**M:40**

Crustpunk from Lidköping, Sweden. Here the band gives us a fair share of what great crustpunk should sound like; in the vein of Skitsystem, Human Waste and 365 dagar av Synd/Dödsdömd.

**grace.will.fall**

Hardcore from Jönköping, Sweden. Driven, strong he just as their previous split 7" EP with COUNTERBLAST, although this one makes a definite approach. If you ever get the chance, you have to see this energetic act live!
